

GeoME – Navigate Your Urban World

The Problem

- Children find traditional history learning boring
- Educational opportunities missed during travel
- Lack of safe, child-friendly city guides
- Discovers Places which as per selected preferences

Tech Stack

- Frontend: React JS
- Backend: Python
- Connecters: Azure Open AI (Agnostic to Google Gemini, AWS Wikipedia)

GeoME Bot URL : <https://web.convegenius.ai/bots?botId=0270038149322028>

Our Solution

- AI-powered city explorer for kids
- Gamified learning with badges and challenges
- Safe, guided routes with educational content
- Suggestions that align perfectly with your unique preferences.
